PAPERS SUBMISSION

Full papers should be submitted using the PaperCept Conference Management System, by web upload at <http://controls.papercept.net/conferences/scripts/start.pl#STCC18>. All materials must be written in English. Submitted papers will undergo a peer review process, coordinated by the International Program Committee.

Papers submitted for presentation should contain original research, not published or being considered for publication elsewhere. All submissions will be tested for similarity and overlap with prior published material using the iThenticate tool. The results of this analysis will be made available to the Program Committee for evaluation. Possible violations of the IEEE ethics rules in publishing will be investigated by a dedicated committee.

The corresponding author of each paper will be notified of the result by e-mail. Accepted papers will be published in the conference proceedings, provided that at least one of the authors attended the conference and presented the paper. As part of the submission procedure, authors of accepted papers must send a signed Copyright Form for each paper. In the absence of such a form, the paper cannot be published.

The final form of the papers must meet IEEE pdf compliance requirements. Maximum six pages A4 in double column format are allowed. Authors may upload longer manuscript up to a maximum of eight pages! However, each page in excess of six will incur a charge of 50 Euros.

Proposals for INVITED SESSIONS in the conference topics are welcomed. People interested in organizing a SESSION should notify their intention at the address: icstcc2018@ugal.ro. A proposal for an INVITED SESSION should include the title of the session, a half-page description of its topic, together with a list of at least six papers (authors and tentative titles) that will be submitted to the session. Papers submitted for a special session will be reviewed in the same manner as the regular papers.

CONFERENCE VENUE

Sinaia is one of the most famous and oldest mountain tourist resorts in Romania, known as "The Carpathian Pearl". Situated in breath-taking mountain scenery, Sinaia is located at 120 km distance from Bucharest. Blending astonishing beauty of nature with picturesque architecture, Sinaia is a formal royal residence. ICSTCC2018 will be hosted by the **International Centre for Conferences – CASINO Sinaia**. The Sinaia Casino was built at the initiative of Carol I, first king of Romania. Construction began in 1912 and was finished a year later. The main shareholder in the Casino was Baron of Marçay, a shareholder in the Monte Carlo Casino. The opening was celebrated with a piano recital by George Enescu, becoming a major attraction between the wars. Nowadays the Casino is a beautiful international conference centre (www.casino-sinaia.ro).
